

13. Design the network model for Subnetting – Class C Addressing using Packet Tracer.

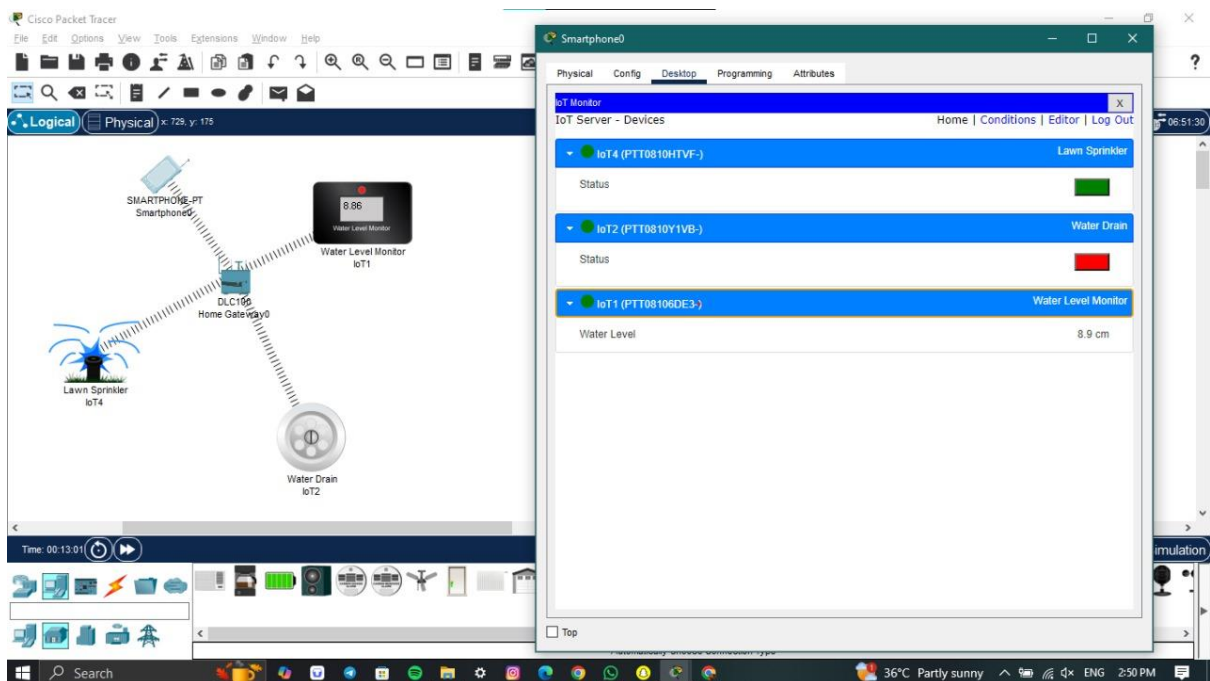

14. Simulating X, Y, Z Company Network Design and simulate using Packet Tracer.

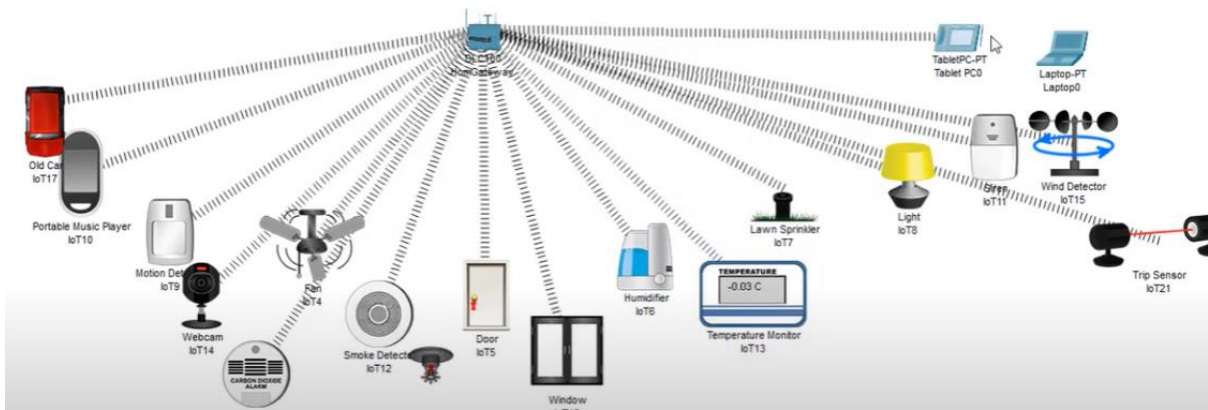

17. Make a Computer Lab to transfer a message from one node to another to design and simulate using Cisco Packet Tracer.

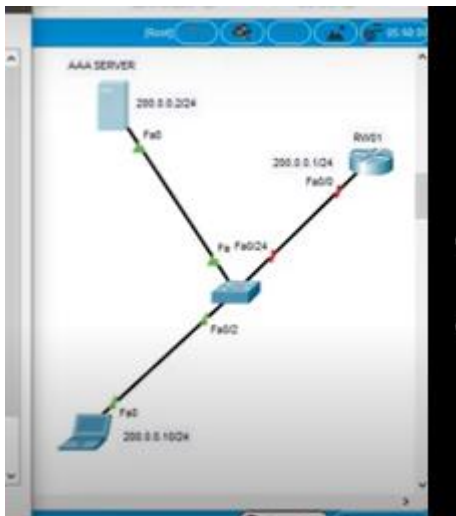

20. Implementation of IoT based smart gardening.

21. Implementation of IoT devices in networking.

22. IoT based AAA Local and Server based authentication configuration.

15. Configuration of DHCP (dynamic host configuration protocol) in packet Tracer.
